

Biography of Mrs H Stace

Recently retired from a life-long career in nature conservation, I have a keen interest in ensuring that the Malvern Hills Conservators manage the Hills and Commons to the highest possible standards. Towards the end of my career, I worked as a policy officer, before moving into management, giving me a good perspective on personnel and governance issues. I have lots of experience on Committees, including chairing the Colwall Parish Council Countryside Committee. As the founder and Trustee of a local charity, I am also fully aware of the Conservators responsibilities as a charity.
